

PNM Business Energy Efficiency Programs

Auto Dealerships

Why Improve Energy Efficiency?

- 1 Cuts operating and maintenance costs and improves profitability.
- 2 Savings can help finance future improvements.
- 3 Improves customer and staff satisfaction.
- 4 Distinguishes your business as caring about environmental sustainability.
- 5 Helps you remain competitive in an ever-changing business landscape.

PNM Business Energy Efficiency Programs offer rebates that lower the cost of upgrading to new energy efficient equipment. The rebate can reduce project costs and shorten your project payback period. Depending on the scope of the project, hours of operation, and size of facility, you could see significant savings.

Energy Profile

Auto dealers can lower their monthly utility costs by implementing energy efficiency measures that go straight to the bottom line. With simple payback periods often as short as two years or less, plus reduced maintenance costs, the installation of straightforward lighting upgrades provide both immediate and long-term benefits. In addition, lighting upgrades can help show vehicles in the best light possible — further enhancing customer purchases. There are a variety of ways you can reduce your energy usage and expense and PNM offers rebates for many of them.

Equipment Facts

- Upgrading new or existing lighting is relatively easy and can significantly reduce the energy bill for auto dealerships.
- Replace high-wattage exterior lighting with efficient LED fixtures - wall packs, pole mount, or area lights are eligible for rebates.
- Interior LED fixtures may also be eligible for rebates.
- Consider using or replacing HID high-bays in garages with more efficient LED solutions.

Electric Measures	Potential Savings
Exterior HID to LED	up to 75%
Interior lights to LEDs	up to 75%
Occupancy sensors	15%-35%
Beverage vending machine controls	50%

All LED equipment must be DLC® or ENERGY STAR® qualified to be eligible for rebates.

Don't leave money on the table!
Reserve rebates for your facility today.
